(La la, la la la la la)

Tell me, do you love me, baby?
Do you love me not?
Fightin' the thoughts on daily
But damn, it's gettin' hard
Too many vodka shots
I see illusions now
Did I hang up? I forgot (fuck)
I feel like an idiot

'Cause I think about the shit you said a lot
I haven't been so wounded in a while
Was it hard to treat me a little nice?
'Cause you won't find me twice

All of the talk, talk n' talk, yeah, you got me ready
You're tellin' me I'm too much, so you're lookin' for less?
Keepin' it real is the name of the game, 'cause you know I do, I do
I cut the bullshit If I feel sad
I'ma feel sad, you can stay mad
Full of bullshit, I know you feel sad
Hope you feel sad, hope you feel sad forever

Playin' the hardest mode of hard-to-get
'Cause first of all you're kinda hard to want
I hope you're out there dwellin' on regrets (uh)
When you grow up from deciding on who won
Keep telling yourself, forever copium
BFFR, you couldn't cry if you wanted to
All of the days, all of my days I put into you
You wasted my time, yet I still feel like an idiot

'Cause I think about the shit you said a lot
I haven't been so wounded in a while
Was it hard to treat me a little nice?
'Cause you won't find me twice

All of the talk, talk n' talk, yeah, you got me ready
You're tellin' me I'm too much, so you're lookin' for less?
Keepin' it real is the name of the game, 'cause you know I do, I do
I cut the bullshit If I feel sad
I'ma feel sad, you can stay mad
Full of bullshit, I know you feel sad
Hope you feel sad, hope you feel sad forever
