You don't even see, what I really wanna be  
You don't even see, when it all comes down to me  
I just wanna dive into an ocean  
When I'm losin' all my motivation  
I don't even see, what I really wanna be

When I used to drink  
I would never drink around'em other kids  
Tried it all my best, I would never fit  
Let it down the drain, I said  
Fuck that noise  
Fuck that noise

Oh yeah  
Boys be rollin' deep, just another day  
Hated all their mamas, with the louis bags  
I'm sick of the plains  
I said fuck that noise  
Fuck that noise

Maybe i'm lazy, crazy  
Not even worried  
Hazy, baby  
Drivin' the wrong way  
No way, no way  
Can't make a change  
Don't judge me

You don't even see, what I really wanna be  
You don't even see, when it all comes down to me  
I just wanna dive into an ocean (okay)  
When I'm losin' all my motivation (okay)  
I don't even see, what I really wanna be  
If one day I could see myself

Hearin' all them stories about the other guys  
How they makin' bank, how they bought a car  
They ask me what I'm doin'  
I lay in bed and watch some porn

Ay  
I'd rather take it slow, take it my pace  
If you got a problem, look at my face  
All these competitions, they mean nothin' to me

Maybe i'm lazy, crazy  
Not even worried  
Hazy, baby  
Drivin' the wrong way  
No way, no way  
Can't make a change  
Don't judge me

You don't even see, what I really wanna be
