I love wishing upon the stars  
For nothing comin' true again  
Every winter time, I gotta  
Hear the bullshit again

I spent my life tryna grow up  
Never trustin' shit again (no)  
Met faces, tried love, fillin' their cups  
I'm all alone again  
But when I'm in bed  
Twelve again  
I wanna give that a try again

Yeah it hit zero degrees  
It's finally cold in Orange County  
Fake firepit at hundred degrees  
Babygirl, I wanna doubt my eyes

'Cause when I'm with you, fire's hot  
Make me fa-a-antasize  
You make me, open the doors  
To the world I've never been before  
I want you, I want you  
Make me fa-a-antasize  
Babygirl, I wanna doubt my eyes

(I want you)  
Hoo, hoo  
Hoo, hoo  
(I want you)  
Hoo, hoo  
Hoo, hoo  
Babygirl, I wanna doubt my eyes

Meetin' your family  
Meetin' your dog  
I wanna keep her  
She's not a frog (mwah)

Stressin' what to gift your mother this year  
So this is what makes life divine

Mm tryna grow up  
Never trustin' shit again (no)  
Met faces, tried love, fillin' their cups  
I'm all alone again  
But when I'm in bed  
Twelve again  
I wanna give that a try again

Yeah it hit zero degrees  
It's finally cold in Orange County  
Fake firepit at hundred degrees  
Babygirl, I wanna doubt my eyes

'Cause when I'm with you, fire's hot  
Make me fa-a-antasize

You make me, open the doors  
To the world I've never been before  
I want you, I want you  
Make me fa-a-antasize  
Babygirl, I wanna doubt my eyes

(I want you)  
Hoo, hoo  
Hoo, hoo  
(I want you)  
Hoo, hoo  
Hoo, hoo  
Babygirl, I wanna doubt my eyes

Hmm, hmm, hmm  
Hmm, hmm, hmm  
Hmm, hmm, hmm  
Hmm, hmm, hmm  
Hmm, hmm, hmm  
Babygirl, I wanna doubt my eyes
