Uh I say fork it
Straight from the plate I say fuck it
Uh!
You can suck it
I see a button and I go push it
Uh I say fork it
Straight from the plate I say fuck it
Uh!
You can suck it
I see a button and I go push it

Heard you're gettin' therapy
What the symphony
You know that you need is me
Normally I'd be feeling sympathy
But I hate your guts
You're the reason why I cuss
Air out your stuff
I'm telling everybody you're a puss!

It's a V V V
I'm a villain claimin' victory
Say sike right now
Say sike right now
V V V
Sweetest venom licker mm-mm
Say sike right now
Say sike right now

Uh I say fork it
Straight from the plate I say fuck it
Uh!
You can suck it
I see a button and I go push it
Uh!
I say fork it
Straight from the plate I say fuck it
Uh!
You can suck it
I see a button and I go push it

The V's a peace I don't want pieces of you any way
Two texts: One me, one dad
Now that's a deadbeat give-away
You threw our time away
But I'll take that any day
Enjoy your Holidays
I'm off gotta find my Netflix anyway

Heard you're gettin' therapy
What the symphony
You know that you need is me
Normally I'd be feeling sympathy
But I hate your guts
You're the reason why I cuss
Air out your stuff
I'm telling everybody you're a puss!

V V V
I'm a villain claimin' victory
Say sike right now
Say sike right now
V V V
Sweetest venom licker mm-mm
Say sike right now
Say sike right now

Uh I say fork it
Straight from the plate I say fuck it

Uh!
You can suck it
I see a button and I go push it
Uh I say fork it
Straight from the plate I say fuck it
Uh!
You can suck it
I see a button and I go push it

V V V V V...
Push it, push it...
