get u a bunny

suggi

Open my eyes
And I'm runnin' late
Startin' my day catchin' sleep while hair dries

Nothin's goin' right
Let out a big sigh
Bad day at work, and I come home to you

Says he'll love you no matter what
Then tells you to never worry
You don't know why
But you'll believe

He's a little bit shy
A little bit hurt
And you can relate
So don't feel so alone

Then you fall for the way
That you feel, when he's friend in your eyes
Cheers you up so incredibly

You, ooh, mmm, na-na-na
Yeah-eh
You, ooh, mmm, na-na-na
Yeah-eh

Often I cry
Then he sings a song
We talk all night long
They be real funny too (Ha, ha, ha)

Time only flies, (fly fly)
I'm still in the race (Still in the race)
My only joy
Help you feed twice a day

Says he'll love you no matter what
Then tells you to never worry
You don't know why
But you'll believe

He's a little bit shy
A little bit hurt
And you can relate
So don't feel so alone

Then you fall for the way
That you feel, when he's friend in your eyes
Cheers you up so incredibly

You, ooh, mmm, na-na-na
Yeah-eh
You, ooh, mmm, na-na-na
Yeah-eh

You, ooh, mmm, na-na-na

Yeah-eh
You, ooh, mmm, na-na-na
Yeah-eh
