

# I Feel Love

suggi

Taking Pictures  
Taking Time  
Ride the Friction  
Flow in line, yeah

Loving pieces  
Call you mine  
Mm, my addiction  
I'm outta mind

Mama, I'm in a sweater I don't feel cold  
I'm my own fire, I ain't waiting to be gold  
Don't ever hold, look back when I'm old  
Sayin' "I've done, did, that."  
Say "I've done"

Now I feel love, love, love  
Now I feel love, love, love  
Now I feel (feel) love, love, love  
Now (now) I feel love, love, love  
Now I feel

Making promise  
Building trust  
Writing fictions  
Soon to be true, uh

Don't want breaks even though I'm on fire  
(I'm on fire)  
My addiction  
I'm outta mind

Mama, I'm in a sweater I don't feel cold  
I'm my own fire, I ain't waiting to be gold  
Don't ever hold, look back when I'm old  
Sayin' "I've done, did, that."  
Say "I've done"

Now I feel love, love, love  
Now I feel love, love, love  
Now I feel (feel) love, love, love  
Now (now) I feel love, love, love  
Now I feel  
Now I feel love, love, love  
Now I feel love, love, love  
Now I feel (feel) love, love, love  
Now (now) I feel love, love, love  
Now I feel
