It's a little too late  
Right after getting me obsessed?  
Why aren't you a little more upset?  
I don't wanna know  
Tell me it's a joke  
Was there no other time?

It's getting late  
You make the tea, I warm the bed  
You always say I make time bend  
But midnight at three, takin' out our trash  
The best you could tell me  
Was don't get attached

It's a little too late  
Right after getting me obsessed?  
Why aren't you a little more upset?  
I don't wanna know, tell me it's a joke  
Was there no other time?  
It's getting late  
I know you're spending time with friends  
When my night is never gonna end  
Just give me a call, tell me it's a joke  
So at least I can sleep it off

Yeah, I've been tryna hide and mask all this feeling  
I admit I should've looked at you not the ceiling  
Maybe you were just tired of waiting on  
Midnights at three, takin' out our trash  
The best you could tell me  
Was don't get attached

It's a little too late  
Right after getting me obsessed?  
Why aren't you a little more upset?  
I don't wanna know, tell me it's a joke  
Was there no other time?  
It's getting late
