

Yeah, on days like this, don't give up  
You just gotta go somewhere  
If there's anything I learned  
Is life is never gon' be fair  
You've been pavin' through a lonely world  
Not many have been there  
But I have, and it sucks

Oh, the sky is tall, you feel so small  
There's space to grow

Leave the keys, run with me  
To somewhere far, and far away  
Hold my hand, I understand  
No, it wasn't your fault at all  
(Don't be)  
I'll be on your side  
(So scared)  
I'll be by your side  
I'll be nice, nice, nice, nice to you

Takes one wrong trust  
To know shit's really on your known  
There are times you laugh with friends  
And then straight home to cry alone  
No one tells you that you're strong  
I'm glad you're still around, not gone  
Fuck em, fuck em

Oh, the sky is tall, you feel so small  
There's space to grow

Leave the keys, run with me  
To somewhere far, and far away  
Hold my hand, I understand  
No, it wasn't your fault at all  
(Don't be)  
I'll be on your side  
(So scared)  
I'll be by your side  
I'll be nice, nice, nice, nice to you

No, it wasn't your fault at all  
(Don't be)  
I'll be on your side  
(So scared)  
I'll be by your side  
I'll be nice, nice, nice

(Nice to you)
