Summer night, lying on the ground
Tellin' tales in the dark, but I feel the light
You bring me back to seventeen again
Again

He drives the car for us every ride
Wasn't meant to be the star of the show tonight
But, do you ever wanna run away
With me

I'm changing
The months they don't slow down
These feelings
They just don't fall out
Tell me, am I really not the one?

Baby, I don't wanna hide
Don't you ever think of me too? I
I can still see the sun when it's raining
Only you know to look right through me

Baby, don't you turn me down
What can I do to make you mine? I
I'll bring the sun when the sky is crying
Only you know to look right through me

Eh, eh, eh, eh-eh-eh
Eh, eh, eh, eh-eh-eh
I can still see the sun when it's raining
Only you know to look right through me
Eh, eh, eh, eh-eh-eh
Eh, eh, eh, eh-eh-eh
I'll bring the sun when the sky is crying
Only you know to look right through me

Fire, late at night even when tired
When I sing for you, a choir
You're such a pretty liar

You can tell me you love me
Then put me away to hide it, and
Tell him you want him but deep in you, you deny it
So tell me the truth
Give me the proof
Don't wanna lose
And be a fool

I'm changing
The months they don't slow down
These feelings
They just don't fall out
Tell me, am I really not the one?

Baby, I don't wanna hide
Don't you ever think of me too? I
I can still see the sun when it's raining
Only you know to look right through me

Baby, don't you turn me down
What can I do to make you mine? I
I'll bring the sun when the sky is crying
Only you know to look right through me

Eh, eh, eh, eh-eh-eh
Eh, eh, eh, eh-eh-eh
I can still see the sun when it's raining
Only you know to look right through me
Eh, eh, eh, eh-eh-eh
Eh, eh, eh, eh-eh-eh
I'll bring the sun when the sky is crying
Only you know to look right through me

Eh, eh, eh, eh-eh-eh
Eh, eh, eh, eh-eh-eh

Eh, eh, eh, eh-eh-eh
Eh, eh, eh, eh-eh-eh

Eh, eh, eh, eh-eh-eh
Eh, eh, eh, eh-eh-eh
