

## somewhere over the rainbow

suggi

To somewhere over the rainbow  
Let's shake off the shadows  
We can stop time whenever  
And make it last forever

Somewhere over the rainbow  
Just follow my echo  
Is this good-bye or hello?  
I guess we'll never know

Didn't need a song to feel (Aww)  
Whether good or bad, I guess I'm ill  
Live a new life outta haterville, yeah  
For a while I thought I'd lose through the longing  
I know you did, too

And if the Elvis song is true  
Who says me and you  
Can't be the miracles tonight?  
And if you're scared, well so am I  
But I still sing lullabies  
Keep your eyes locked to my eyes  
If you choose hell, so do I

To somewhere over the rainbow  
Let's shake off the shadows  
We can stop time whenever  
And make it last forever

Somewhere over the rainbow  
Just follow my echo  
Is this good-bye or hello?  
I guess we'll never know

I never wanted to wake up (But to my surprise)  
Didn't care to look up (I've never met eyes)

All the words I thought I wasn't able to say  
I don't care what time of the day  
The world don't care for me any of ways  
Who's gonna care if we run away

And if the Elvis song is true  
Who says me and you  
Can't be the miracles tonight?  
And if you're scared, well so am I  
But I still sing lullabies  
Keep your eyes locked to my eyes  
If you choose hell, so do I

To somewhere over the rainbow  
Let's shake off the shadows  
We can stop time whenever  
And make it last forever

Somewhere over the rainbow  
Just follow my echo

Is this good-bye or hello?  
I guess we'll never know

(If you cross the line, I'll meet you there)  
(If you cross the line, I'll meet you there)  
(If you cross the line, I'll meet you there)  
(If you cross the line, I'll meet you there)  
(If you cross the line, I'll meet you there)  
(If you cross the line, I'll meet you there)  
(If you cross the line, I'll meet you there)  
If you choose hell, so do I

To somewhere over the rainbow  
Let's shake off the shadows  
We can stop time whenever  
And make it last forever

Somewhere over the rainbow
