

Ur Just A Fan

suggi

I stayed up till five in the morning
Couldn't sleep in case you would reply
I'm sorry for the missed calls

Loved the nights, and all your secrets
Stuck in bed, but soarin' through the sky
I wish that we would still talk

Empty room but your lights were shining
How do you seem so fine without me there?
And I'm still put on repeat?

One day you will miss me there
All the nights you'd sing along to me
But now you're just a fan

Loved you through the thick and thins
Shared myself a shoe that wasn't mine
But now you're just a fan

All the time I'd feel so famous
When all the crowd was filled to groove along
And all it took was one fan

I'm still in all your chill vibe playlists
What's it take to make you realize?
That you're the one I write about?

Empty room but your lights were shining
How do you seem so fine without me there?
And I'm still put on repeat?

One day you will miss me there
All the nights you'd sing along to me
But now you're just a fan

Loved you through the thick and thins
Shared myself a shoe that wasn't mine
But now you're just a fan

(It was never the same for you)
(As it was for me)
(This is why you won't understand)
(This is why you won't understand)

(It was never the same for you)
(As it was for me)
(This is why you won't understand)
(This is why you won't understand)

Loved you through the thick and thins
Shared myself a shoe that wasn't mine
But now you're just a fan
