Rich, like that rich cheddar
Fluffy, stretchy, you and me
Crank the heat up, get it hot
I know you feel it too

Round and round only to stay
Different yet at the end we don't lose
Push and pull but stays the same
No more up and down, get loose

I'm stepping outside
You're looking into my eyes
We just can't help it, you and I

Just like cheese
You and me like this forever stringy
If we let it cool, we'll only break it
This bond of the heart gets gooey
We both feel like we're walking on the moon

Rich, like that rich cheddar
Fluffy, stretchy, you and me
Crank the heat up, get it hot
I know you feel it too

Saying words I didn't mean
Without me even knowing
The more I like you
More I'm spinning down this loop
Let it bloom, my lover
Risky but I like it, I'm on your side, oh-oh, oh
We're stepping outside
You're looking into my eyes
We're melting down in love, love
