I pray, you're light

I feel faded, I'm not used to this new color
Unstable emotions, throw on and go
Like an achromatic color that lost its warmth
I'm walking through the pale hours

Full with the light and colors that I took for granted
While I was thinking about the time we were together
This grey is spreading sorrowfully throughout my memory
My heart is trapped in the day I let you go

With you, the whole world is aglow
I pray, you're light
Suddenly, the frozen minutes melt like a miracle
The moment I encounter you, it turns into colors
Together again, no more grey

It all feels lukewarm, everything becomes a blank
Behind tired footsteps, raindrops follow
Upon my shoulders falls this grey rain
Soaked through, I can no longer move
I wait for you

With you, the whole world is aglow
I pray, you're light
Suddenly, the frozen minutes melt like a miracle
The moment I encounter you, it turns into colors
Together again, no more
I crave your color that I loved

You slowly hold out my hands
Coloring up the suit at your touch
A new world of infinite colors
Let me shine bright
Show me all the colors of the world
Please paint some colors to my dull heart
We are together again and in front of us
Eternally, no more grey, pray

Fill me with your beautiful colors
I pray, you're light
