

Cyco cyco cyco cyco  
Cyco cyco cyco cyco  
Born cyco it's the way I was meant to be  
Live cyco it's the only life for me

Burning burning burning burning  
Burning burning burning burning  
Burning up can't you see  
But it's the only life for me

I'm burning up, the fire blazes inside  
Out of control, so now you better hide  
Run around the corner  
But the corner never ends  
You scream out, beg, shout  
But the nightmare never ends  
You turn around but you just see  
What you saw before  
Spin around, fall down  
Now you see no more

Raging raging raging raging  
Raging raging raging raging  
Raging mad that may be  
But it's the only life for me

I'm raging mad and soon you will know  
I'm burning up from my head to toe

Cyco cyco cyco cyco  
Cyco cyco cyco cyco  
It's the only life I know  
I was born to cyco

I'm cyco and my mind it starts to bend  
Out of control, it seems to be the trend

Born to be cyco
