

## Hellraiser

### Suicide Commando

You're condemned  
I've put a spell on you  
The smell of death  
Has got all over your  
Like a disease  
I'll control your mind  
Get on your knees  
You won't survive the night  
Hellraiser

You're possessed  
I'm your living pest  
Put you to rest  
Tonight you'll be my guest  
You're oppressed  
Abused on my request  
Get ready for  
The final inquest
