

Full Void

Suicide Silence

Everything that was will never be again
There will be a final bleeding of the sun

There will be a final moment
Universal death gasp
An end to finality
And dead means dead

Nothing is eternal
Extinction
Dead means dead

Empty reality
Sink your teeth into the void

Dead means dead
Dead means dead
Dead means dead
Dead means dead means dead

Full
Void

Dead means dead
Dead means dead
Dead means dead
Dead means dead means dead

Everything that was will never be again
A bottomless hole
A mountain with no peak
Beauty, tragedy, bliss, pain, and abundance
Oh my
Evaporation of all time
Time
Time devours everything
Nothing is eternal
Sink your teeth into the void
And remember
You must die
