

Flashy Love

Suicide

I've got my
Lucky play
The passion popping our glow

But look at her in magic light
Taking trip to dancing
It's nowhere where you want
Touching everything you resigned to
First the lipstick taste
Of blinding firm impression

Flashy love
Keeps you driving
Flashy love

Flashy love
Keeps you driving
Flashy love

What is this?
The fantasy
Is just a memory

Just keep
Holding tight
Making it alright

Oh, making it alright
Leaving it to the tide
Making it easy
Making it harmless
Easy, easy for a dance

Flashy love
Keeps you driving
Flashy love

Flashy love
Keeps you driving
Flashy love

Flashy is the magic number
Dance all night, it's a scream
Touching everything
Lipstick taste
Dance to the flame that's flashy

Make it harsh, make it weigh
Dance all night, it's a scream
Make it harsh, the flaming flash
Dance alright, it's a scream

Flashy love
Keeps you driving
Flashy love

Flashy love

Keeps you driving, ooh
Flashy love

Flashy love

Ooh
Flashy love
Yeah, yeah, yeah

Ooh
Flashy love, love, love

Yeah, yeah, yeah
Flashy love
Ooh baby
Keeps you driving

Driving, driving
Flashy love
Flashy love
Flashy love
