

CLYDE (I Hope At Least One Of My Ex-Girlfriends Hears This)

\$uicideboy\$

Trying to get on my pimp shit
But I'm stuck on my dirty tip
So I fuck an ugly bitch
All the pretty hoes ditch
Yeah they know it's no myth
I'm at large, I'm a sad sap trying out feeling good
All these cunts with a fat ass talking about my nut
Got the last laugh hopefully as long as the last laugh
Grey flags so your death mask half cocked□□
Shawty blast so these hands pop gats with the blast
At last the moment has passed
I got a gash in my thick skull
Throw me in the trash call for a pick up
Death over bitches all because of Crystal
Blood spilling in my motherfucking pimp cup
Used to love the bitch, now she sucking other dicks
So I cut my fucking wrists
Feel like a puddle of piss
\$uicide, death of me who gives a fuck
No one

\$licky got the motherfucking pedigree
But generally, all my ex- hoes become my enemies
And my next hoes will deal with jealousy
From a couple chickenheads, Tori and Sophie
Couple of them bitches that ain't important
If pussy curving was a sport they'd call me Jordan
With my endorsement remaining dormant
When it come to these bitches that play informant
All the girls I done fucked with got kids or ex-husbands
They junkies or strippers but hey I'm not judging
Don't fuck with a hippy bitch, fuck with a skinny bitch
Fuck with a needy bitch, fuck with a greedy bitch
Nah I can't do that shit
Too much energy, energy spent unsuccessfully
Oh please just let me be one of your memories
