

Escape from BABYLON

\$uicideboy\$

(You did good, \$lick)
I, I truly had thoughts in my mind (It's a Smash!)
Of us and future you'll come true
And I know you're tryin' to be everything I need
You're the sweetest thing, treated me like everything and-
Pimpin' as a real pimp (Talkin' a-, talk-, talkin' about dirty tramp)
Pimpin' as a real pimp (Talkin' a-, talk-, talkin' about dirty tramp)
Pimpin' as a real pimp (Talkin' a-, talk-, talkin' about dirty tramp)

Finding love in all the wrong places
Shuffling through pretty faces
I'm glad you had a nice time, but right now I need my space, bitch
I don't wanna waste your time, and I definitely don't wanna waste mine
If I don't feel the vibe, I'll curb you like a stop sign, yeah (Uh)
I been goin' through some shit
I guess I'm gettin' used to it
I been goin' through some shit
I guess I'm gettin' used to it
I used to doubt my usefulness
She a bad bitch and her ass thick
She gon' turn me into a sad simp, another habit
Goddamn, I'm such an addict, I always gotta have it
One more time for validation
Watch me turn into a rabbit

What do ya know? It's young Wetto riding with a hoe
That bitch before? She was tripping, had to let her go
Eenie-meenie-miney-moe, now her finger froze
I was sold when I showed my flaws and she loved me more
Used to fuckin' hate her and she stated that she hate me too
Now it's "Babe I love you" and she sayin' "Boy, I love you too"
Still I deal with trauma from this ex in my past
Only bitch I know psycho enough to land me in rehab
I ran, forty yard dash with a stash in my pants
Now lookin' back she never had a chance
Movin' on to better things, bigger dreams
Like cummin' in pussy and hope my girl has a mini me

I, I truly had thoughts in my mind
Of us and future you'll come true
And I know you're tryin' to be everything I need
You're the sweetest thing, treated me like everything and-
He's everything we need, He's everything we need
Makin' us to who we supposed to be
And I'm just tryna go where He tellin' me
Be right where I'm supposed to be
And I will never say I-
