Virgin Mary on my bezel bitch I'm so immaculate
Beat a bitch and break a ho
All up on the kitchen floor
Hypnotized by the nine
Psychopath in the night
Ticky ticky time, \$uicide is bleeding all through my eyes
It's a sign that I might just run and take your life
Every night my momma praying
The devil it got my soul
Beat a bitch then I...

Thinking Ima pay the cover

Aye, yeah, aye
Mutilated bodies dancing with the fuckin' devil
Raping bitches take 'em to the dungeon
Grab the ligaments and start to sever
Feel the pain of a gucci blade running down your fuckin spine
And splittin' you in two, maaaaane
1994
Kickin' in your door
With them steel toes
Hollow tips will turn your body cold
Magnum .44
59 ways to make your body turn grey
You fuckin with the devil we possessin' bodies every day
