

## Krewe Du Vieux (Comedy & Tragedy)

\$uicideboy\$

Ruby rarely rap about stackin' up cash  
Proolly why my wall missing platinum plaques  
From depression to profession, it happened so fast  
Took some dabs last night, now I'm back to no wax  
Always gotta get fucked up, I can't last one day without fuckin'  
' it up  
Fuck it, I'll consume whatever  
Pills are better whenever the going gets tough  
I'll bash in my casket  
Climb in and laugh, until the grass is growin' through my skull  
Ayy, walk into the CVS with VVS's drippin' on my chest (bitch)  
Bright white lights make the diamonds flex  
But they also reveal my face without a mask on, what a mess  
Lookin' for a reason, but I wanna rest

Lil Cig jump in this bitch  
Tell me do we got a problem? (what, what, what?)  
Emo bitch sucking dick like shit punk rappers  
Yeah, they all flodgers (lil' bitch!)  
Smokin' dope, Los Angeles in the Corvette  
Knock it out the park like a fucking Dodger  
Got the .45 on me at all times  
Bullet with yo' name, bullet with mine  
Why mine? For the sake of \$uicide (\$uicide!)  
You see anybody riding with me in the Chevy? (no)  
I ain't think so  
Stay solo, stay dolo  
Lights go dim  
Lowkey, I'm  
All alone, and  
Sit on a throne, of illusions  
Every drug I'm on, I start abusing  
Every drug I'm on I start abusing, fuck it!
