Fuck it how you, um
Fuck it how you, um

Fuck it how you want it, it's the psychopath
I'm killin' everything around me, fuck the aftermath
Bloodbath on my hands, slaughter, red dead
I'm the motherfucker standin' right up on the ledge
Bring the K out, super saiyan
I'm goin' crazy, off the radar, like I'm just sayin'
Fuck your playa, knee deep in my skin, where your opp again?
Grip up on the Glock, lookin' for a fuckin' snitch
Bitch, I got a brain hemorrhage juicen' my shit
The motherfucker Terror, 'cause I'm killin' every bitch
Fuck your motherfuckin' feelings, I could give a fuck
Ruby right behind me, wanna test your luck?

AK, AR, nine millimeter
.22 Ruger, plenty ways to die, I see ya
Shoot, shoot, shoot to kill
Aim for me for playa thrill
Bob my head, I might rise, pussy chills I might start
Pop the bodies, kill
Ruby da Cherry, now Ruby da Juice
Everything loose in the screw
Choose to do what I do in this life
That I lose one day, it's proof it's true (Yeah, yeah, yeah)
Refuse to use the shit you say is fuckin' cool (Yeah, yeah, yea
h)
Tryna find my way feels like a fuckin' Rubik's cube
What the fuck is new, what the fuck is new?
Snakes tryna wear Gucci shoes, what a view?
Bit off more than you could chew, that was fuckin' rude
Tryna get that face tattoo removed but you doomed
