

All Cats Go To Hell

suisside

All we knew was made yesterday (yesterday)
Pair of bloody shoes for your cigarettes (cigarettes)
Don't get confused, lost in your daze (lost in your daze)
You've seen better days (days)

Oh-oh
Is this what you call (what you call)
Bleeding from within (from within)
Drowning on your own (on your own, yeah)

Oh-oh
Where is my self-control (self-control)
I can't hold it in (in)
Momma said I'm strong, a strong kid (a strong kid)

If you hate the world, get a new prescription, you'll be fine n

When I hate myself and I lose all will, I become my shadow (yea
