

bathroom pass

suisside

I say you can hate me
If I was you I would hate me
From the moment you played me, the time I was wasting
Forgot you could hate me

I say you can hate me
If I was you I would hate me
Why won't you forget me?
You told me you hate
So baby forget me, cause I'm tryna end me

When I pass through gas
Baby I don't talk like that
I'm just tryna get you mad
When I fly through fast
Money won't get me back
Get it how I want like that
With a bathroom pass, I can get what I want
Pop it in the back of the class
With a bathroom pass, I can fuck who I want
Meet me in the back of the class

When I pass through gas
Baby I don't talk like that
I'm just tryna get you mad
When I fly through fast
Money won't get me back
Get it how I want like that
With a bathroom pass, I can get what I want
Pop it in the back of the class
With a bathroom pass, I can fuck who I want
Meet me in the back of the class

I say you can hate me
If I was you I would hate me
From the moment you played me, the time I was wasting
Forgot you could hate me

I say you can hate me
If I was you I would hate me
