

Beloved

suisside

The fly on the wall
Is crushing my bones
I'll make you a deal
Just leave me alone

An eye for an eye
A reason why

They never care, they never stay
They're always there to cause you pain
I know you care I'm on my way to you
Forget my letters
If you still remember
I won't let her

And now that we have that aside
Ah, my beloved
Oh, my beloved
I'm calling
And now we can run if we like
Oh, my beloved
Oh, my beloved
I'm calling
