

## Bring U Peace

suisside

It can get far if you get it now (far if you get it now)  
I've been down bad, so I grab my gun (bad, so I grab my gun)  
I'ma be gone way too long (gone way too long)  
Got enough time, I can spend in rush

I can be harsh if you're saying so (if you're saying so)  
Why you got to flee, are you letting go? (are you letting go)  
Bitch, I'm still a kid, I don't know my spot (I don't know my spot)  
You are just a dream in a line of thoughts (Ayy)

Come get a peace, you can have it all (have it all)  
You can sing a song, while you let me fall (song, while you let me fall)  
Got a bunch of freeze my head still up (freeze my head still up)  
I can bring you peace, I can bring you drugs (I can bring you drugs)

Come inside my dreams, you can see my world (see my world)  
You can take a ride, you can take it slow (you can take it slow)  
You can be the one I'll be singing for  
I can bring you peace, I can bring you drugs (I can bring you drugs)

It gets hard for me to say  
Tear drops fall as I confess (Ayy)  
I didn't know it'll be this way  
But tonight I will make a difference

It gets hard when your own friends  
Never seen you in this stress  
I could care less about me  
But tonight I will do it different (different)
