

Crying Out Loud

suisside

"Yep, I've said it before and I'll say it again
Life moves pretty fast, if you don't stop and look around once in a while, you could miss it"

Yeah, I got it down
You can leave in my hands it'll be safe
There's no way I'll be setting it down
She in love with more than the pain
I'll do more than it takes
Can't nobody ever tell me the route
Yeah, I've seen the shit that you said
Got a bitch from the bay
I forget it when she's going around
Bitch I'm going ghost for the day
You can feel what I say
If you love me you'll be helping me out

But you're letting me down
Put the blunt in my mouth
Playing around
While you're crying out loud
Feeling me now
It's too late to be crowned
Kill for an ounce
Shawty tripping I bounce

Is you really with me motherfucker
I'm the villain in the picture try to crop me motherfucker
Shit gets real with me I don't stutter
I can tell you see the vision I'll be cooling with my brothers

But you're letting me down
Put the blunt in my mouth
Playing around
While you're crying out loud
Feeling me now
It's too late to be crowned
Kill for an ounce
Shawty tripping I bounce

Yeah, I got it down
You can leave in my hands it'll be safe
There's no way I'll be setting it down
She in love with more than the pain
I'll do more than it takes
Can't nobody ever tell me the route
Yeah, I've seen the shit that you said
Got a bitch from the bay
I forget it when she's going around
Bitch I'm going ghost for the day
You can feel what I say
If you love me you'll be helping me out
