

hate you

suisside

You wanna break me
I wanna break you
No need to lie bitch
Why you so hateful
If I would'a hate you
Are you gonna hate too
If I'm gonna take two
Are you gonna take two

It's cool if you hate me
It's cool if I hate you
It's cool if I hate me
Then it's cool if you hate you
I understand
I got a plan
I got no Benz
But I got my friends

I don't understand you
But I got a couple things to understand too
I'm just tryna find you
But it's getting real hot when I can spy you
I don't only want you
I'd rather have my brothers than just have you
Okay nevermind boo
I'ma get a bitch covered in tattoos

I know you got a type
And have an other guy
I've been way better
Without you in my life
I know the things you hide
I know you full of lies
I can wish you better
Get it going out my sight

I'm not feeling bad for you
I'm not feeling sad for you
I'm not looking back at you
I never thought you'd be so cruel

You wanna break me
I wanna break you
No need to lie bitch
Why you so hateful
If I would'a hate you
Are you gonna hate too
If I'm gonna take two
Are you gonna take two

It's cool if you hate me
It's cool if I hate you
