

# Let Me Fall

suisside

I beg, don't let me fall  
Down here feels so alone  
I was seein' those broken souls

I beg, don't let me fall  
Down here feels so alone  
I was seein' those broken souls  
And without you, I'm nothin', yeah, I'm nothin' at all  
I beg don't let me fall  
Down here feel so alone  
And I never seen a face so lost  
When everybody says they love you, I don't know who's loved

I'ma do it for me, baby, that's your loss  
If you're wantin' somethin' you can call my plug  
Baby, don't ignore me when I'm tryna talk, ay  
Yo' friends still actin' funny 'cause they wanna fuck me  
You don't love me you just want somebody  
And I heard it's 'cause I love your body  
Hope I haunt you in your night dreams  
And this ending doesn't seem that happy

I beg, don't let me fall  
Down here feels so alone
