

Like It Or Not

suisside

See me on the low, taking off with some dough
See me with your hoe walking down to the show
Never on my own, always keep me some blow
I'm always with my bros if you like it or not

Fuck up in my room take a mouth full of shrooms
Fuck her like we're cool, I ain't fucking with you
Text me if you're home, baby, I'm not your tool
You can sext me on your own, I don't wanna be cruel

Rolling up, catch me in the avenue
Sing along if you wanna be my boo
Maybe full I ain't gonna talk to lose
If I want it I'ma get if you like it or not

Rolling up, catch me in the avenue
Sing along if you wanna be my boo
Maybe full I ain't gonna talk to lose
If I want it I'ma get if you like it or not
