

Passing By

suisside

You was passing by
When [?] come by
And told me it is true
He don't lie (he don't lie)
He don't lie (he don't lie)
I'm just passing by
I confessed my sins last night
And she told me it was true
So divine (so divine)
So am I (so am I)
You should call me, I'm a bad boy
When she ask for a hand and I turn to a toy
You should call me, just a young [?]
With a fine ass bitch in a midnight [?]

I been waiting too long (too long)
That picture of us tore off my wall
Maybe I been thinking too much
Kinda odd, that started when you call
And I can never sleep at night
I can never tell who's on my side
I can never do what's right
Back to level one, and the game's my mind

"I said it before and I'll say it again, life moves pretty fast
, if you don't stop to look once in a while, you could miss it"

You was passing by
