

## The Worst

suisside

Maybe you can fuck me 'til she comes back  
Even though I'm nothing like your old one

Baby, I'm the worst one  
Even though I'm nothing like your old one  
Tell me that I'm evil, 'cause I'm all that  
I'ma take a sip and I'ma pour one  
Let my brother hold that

Got another call back  
Everybody telling me it's going bad  
You're the one who's asking me for all that  
Maybe you can fuck me 'til she comes back  
She ain't gonna come back

You, you've been tryna steal the night  
Sending shivers down my spine  
You can kiss my ass, goodbye  
And ill see you again when my bones break
