

Waste Ur Time

suisside

Don't waste your time on me
You're only breaking me
More than I thought you'll be
The truth is facing me
It gets so hard to breath
My heart keeps breaking
Every time that I hear a beat
I'm getting closer to it
Don't waste your time on me
You're only breaking me
More than I thought you'll be
The truth is facing me
It gets so hard to breath
My heart keeps breaking
Every time that I hear a beat
I'm getting closer to it

If she's wanting something she gon pay for it
If she want my love she gon wait for it
If she got the groove make it rain for her
If she see the blues she'll give head for it

I got prada I got guala
I got everything you wanted
Watch me pull up with the llama
I don't want her you can have her
Suck my dick and now I want her
She wanna be my baby momma
All yo' exes want a part of
Now you're broken and you wonder
Why nobody keep you for 'em
Babygirl you tripping for 'em
I bet I can trip of nothing
You're regretting what you promise

Don't waste your time on me
You're only breaking me
More than I thought you'll be
The truth is facing me
It gets so hard to breath
My heart keeps breaking
Every time that I hear a beat
I'm getting closer to it
Don't waste your time on me
You're only breaking me
More than I thought you'll be
The truth is facing me
It gets so hard to breath
My heart keeps breaking
Every time that I hear a beat
I'm getting closer to it
