

## why do you hide?

suisside

I have no time, I have no life  
I have no friends, I have no wife  
I have nothing that can suffice  
I once had you, but that love died

Why do you hide?  
What do you hide?  
Why do you hide?

I have no flesh, I have no eyes  
I have no legs, I have no spine  
I have no brain, I have no rights  
I once had you, but our love died

God knows  
God knows  
I know God knows

God knows  
God knows  
God knows  
God knows
