

# Mythical Creatures

Suldusk

In the sudden light it comes to pass  
Drawing stars from shadows holding through  
Libertine daunted  
Now crystal waters flowing on

Perfect imperfections you lay bare  
Under promises a thoroughfare of hope  
Give in to the underside  
Oh my precious, how long did we bleed on?

How long we run?  
How long?

Now throw me to the lions  
Drown me in the lake  
Where all the mythical creatures  
Defy and wait

Now these blackened branches  
Line along your path  
Fold in as it comes at last to pass

To pass  
At last to pass

Now throw us to the lions  
Drown us in the lake  
Where all the mythical creatures  
Defy and wait

Higher, higher  
Higher, higher  
Higher, higher...

Now throw me to the lions  
Drown me in the lake  
Where all the mythical creatures  
Defy and wait

Drown me...
