

Faded truth on the inside
Salt and sky confide
Steely eyed did hide
Buried sign did mind

Give it to the sea
Offers ancient will to the shore
Water breaks it down
Leave me wanting here more and more

Alchemy on the outside, on the inside

Water falls all around
Leave well enough alone

I will be the power
Now you will see the evidence
I will be the apple of your eye
I will be the power
Now you will see the evidence
I will be the apple of your eye

Head to the line
To thy light sky ascend
We all know this demise
New knowing

"We need more understanding of human nature
Because the only real danger that exists is man himself
He is the great danger, and we are pitifully unaware of it
We know nothing of man, far too little
His psyche should be studied
Because we are the origin of all coming evil"

Head to the line
To thy light sky ascend
We all know this demise
New knowing
