

Dopamine

Sum 41

You said you did it for the dopamine
You didn't mean to leave me so fucked up
You did it for the dopamine
And could it be that I'm just not enough?
It's so hard to accept
That you're gone and that's it
You did it for the dopamine, and it didn't mean anything at all

God, I've been up for days
I've been losing my mind
Caught up thinking of ways
I could turn back the time
Time is not on my side
I don't know what to say
Feeling empty inside
Now that she's gone away

I can picture you in someone else's place
And he's got his hands running down your face
Is it in my head 'cause I just can't let my demons go?

You just did it for the dopamine
You didn't mean to leave me so fucked up
You did it for the dopamine
And could it be that I'm just not enough?
It's so hard to accept
That you're gone and that's it
You did it for the dopamine, and it didn't mean anything at all

I guess you threw it away
I don't know who to blame
Leave it all at a day
And just put out the flame
Told me time and again you don't believe in the past
It was us against them but nothing good could last

I can feel it now, and it hurts like hell
Can you live without me? Only time will tell
Is it in my head 'cause I just can't let my demons go?

You just did it for the dopamine
You didn't mean to leave me so fucked up
You did it for the dopamine
And could it be that I'm just not enough?
It's so hard to accept
That you're gone and that's it
You did it for the dopamine, and it didn't mean anything at all

Yeah, yeah
Didn't mean anything at all
Yeah, yeah
Didn't mean anything at all

You just did it for the dopamine
You didn't mean to leave me so fucked up
You did it for the dopamine
And could it be that I'm just not enough?

It's so hard to accept
That you're gone and that's it
You did it for the dopamine, and it didn't mean anything at all

Yeah, yeah
Didn't mean anything at all
Yeah, yeah
Didn't mean anything at all
