

I Can't Wait

Sum 41

One thing I know is that I'm not alright
Don't tell me everything will be just fine
Don't have to listen to a word you say
'Cause you're my worst mistake

There's nothing you can do to change my mind
I'm getting out to leave it all behind
You had a good thing, but you fucked it up
And I just had enough

I can't wait just to see your face in all its glory
I will break all that matters 'cause you make me sick!

Well, you came to my world and it knocked me out
You fucked it up. So, are you happy now?
The times have changed and so did I
We figured you out

I'm not here to tell you how to live your life
But I can't give you very good advice
The more you take could be, and you'll lose more than you ever
knew

I can't wait just to see your face in all its glory
I can't wait just to hear you tell the same old story
I just hate all the time with you but nothing's wasted
I will break all that matters 'cause you make me sick!

One thing I know is that I'll be alright
I know that everything will be just fine
I'll never listen to a word you say
'Cause you're my worst mistake

I can't wait just to see your face in all its glory
I can't wait just to hear you tell the same old story
I just hate all the time with you, but nothing's wasted
I will break all that matters 'cause you make me sick!
