

Broken Cup

Summer Salt

Gonna get myself
Into something new
Gonna love it all oh love is cruel
And hang tight with shadows on the wall
Waiting for a little fun is all

Cause I've been crying
Hugging
My pillow

Next time that I wake up
I'll take a sip out of this
Broken cup
Grab a kiss on the cheek
Put on a Hawaiian tee
I spent 23 years
Trying to live my life
I'm losing my mind

We can work it out
Like we always do
And jam a band from Liverpool
A nice time with a week day at the mall
Seen 'em once ya you've seen 'em all

And I've been crying
Hugging
My pillow

Next time that I wake up
I'll take a sip out of this
Broken cup
Grab a kiss on the cheek
Put on a Hawaiian tee
I spent 23 years
Trying to live my life

Next time that I wake up
I'll take a sip out of this
Broken cup
Grab a kiss on the cheek
Put on a Hawaiian tee
I spent 23 years
Trying to live my life
I'm losing my mind
I'm losing my mind
