

Candy Wrappers

Summer Salt

Well my love, she vanished in the cold
August moon, way too soon
So I got up, put on my warmest coat
Took a stroll, September cold

Well I just can't sit around here waiting
Waiting for her to get back home
So for now, you'll find me on the run
I've got no lemon drops, no bubblegum

Candy, candy, candy, candy wrappers alone
Cloud the floor of my dirty room
Candy, candy, candy, candy wrappers alone
Brushin' my teeth I clean them
And oh, my sweet tooth gone

When the sun just won't shine on
I'll be gone, to yip and yeah
If the stars come fallin' from the night
I'll ignite my ride and cruise

Well I just can't sit around here waiting
Baking my s'mores upon the stove
Well I just can't sit around here and fake it anymore
No gummy bears left on my pillow
Whoa, oh

Candy, candy, candy, candy wrappers alone
Crowd the floor of my dirty room
Candy, candy, candy, candy wrappers alone
Brushin' my teeth, I clean them
And oh, my sweet tooth... gone

Candy, candy, candy, candy wrappers alone
Crowd the floor, dirty room
Candy, candy, candy, candy wrappers alone
Brushin' my teeth I clean them
And oh, my sweet tooth gone
