

## Dew Daydreams

Summer Salt

In the back of my eyes  
I see you  
But not like I did before  
Wherever I end  
Oh sweet Madeleine  
You're the first that I'm looking for

In the dew dew dew daydreams  
I'll follow you down  
Any nice or ramshackle  
For green eye and brown  
Play loud as a cannon  
Or sleep like a beast  
And leave all your worries to me

In the back of my eyes  
I see you  
Leap in jeté through the door  
Your smile hasn't changed  
And your voice cracks the same  
As if I've known nothing before

In the dew dew dew daydreams  
I'll follow you down  
Any nice or ramshackle  
For green eye and brown  
Play loud as a cannon  
Or sleep like a beast  
And leave all your worries to me  
Cause if the house isn't haunted  
Let's make it then  
Each day I'll see you again

I'm holding on  
To skinny shoulder bone  
Where your spirit is greater  
Than your heart could endure  
And you're still the one I adore

In the dew dew dew daydreams  
I'll follow you down  
Any nice or ramshackle  
For green eye and brown  
Play loud as a cannon  
Or sleep like a beast  
And leave all your worries to me

In the dew dew dew daydreams  
I'll follow you down  
Any nice or ramshackle  
For green eye and brown  
Play loud as a cannon  
Or sleep like a beast  
And leave all your worries to me  
Cause if the house isn't haunted  
Let's make it then  
Each day I'll see you again

And if the house isn't haunted  
Let's just pretend  
Each day I'll see you again
