

Since you've been around  
We've been living out the backseat of your car  
Melted chocolate bars  
A voodoo doll  
And lost credit cards  
Taking me out dancing  
In a rocksteady dive  
Twisting cross the floor  
On view master slides

I have been such a happy camper  
Forgot about my lonely home  
I have been such a happy camper  
Forgot about my lonely home

Since you've been around  
We've been stealing our own tickets to see the stars  
In the baseball park  
Swimming after dark  
In our neighbors yard  
Sleeping in all day long  
Headed for a Rocky Mountain home  
See you in dreams tonight  
Of Honda bikes cross supernovas

I have been such a happy camper  
Forgot about my lonely home  
I have been such a happy camper  
Forgot about my lonely home

Happy campers  
When we're together  
Like coins in a hamper  
Life's merry'ander

Happy campers  
When we're together  
Lost in the banter  
Life's merry'ander
