

Hey hey macaroon
Can I hang with you this afternoon
Can I love you only and lend you money
And name my girl after you

It's strange all that love can do
Cause I'd give it all through and through
Just to have another yesterday together
And make it all up to you

When my heart was breaking
You'd drop everything and always knew what to do
Call me out or help me put it back together
Knowing I'd do the same thing for you
And when there was no other you'd call your brother
Keeping me up the whole night through
Hey mad love for you
Mad love for you

Hey hey macaroon
Can I hang with you this afternoon
Can I love you only and lend you money
And name my girl after you

It's strange all that love can do
Cause I'd give it all through and through
Just to have another yesterday together
And make it all up to you

When the world keeled over
Your every lover showed up
Spoke well of you
And every painting picture
Every journal entry
Showing how much it all meant to you
I'll do my best to listen and take the time to keep in touch
I know that you will
Hey mad love for you
Hey mad love for you
Mad love for you
