

Ribbons

Summer Salt

Can't say enough
I'm in love with you
Together, we the creatures of the living room
If I fall asleep, it's always right there next to you
So I twist the typewriter ribbon
And write it out

Gonna paint the page
Let our life begin
Tell me what is on the menu, and I'm in the kitchen
Every day is new even when we do the same old thing
So I twist the typewriter ribbon
And write it out

Multicolored ribbons everywhere
Candy-colored ribbons in her hair
Lovely colored ribbons everywhere
Whoa
Sock it to me, baby
I love you
Forever

We swim at night
By the patio
And play another rerun of our favorite show
Do I love you? You make sure I make sure you know
So I twist the typewriter ribbon
And write it out

Multicolored ribbons everywhere
Yellow, tattered ribbons in her hair
Lovely colored ribbons everywhere
Whoa
Sock it to me, baby
I love you
Forever

Honey-colored ribbons in her hair
Coffee-covered ribbons everywhere
Whoa
Sock it to me, baby
Baby
I love you
Love you
Forever

Sock it to me, baby
I love you
Forever
