

When I Fall

Summer Salt

Catch me when I fall
Down to the ground

Catch me when I fall
Down to the ground

My heart's been wasted when I
Sit and cry
You've been right there
Why don't I realize?

Catch me when I fall
Down to the ground

You answer when I call
Always around

My heart's been wasted when I
Sit and cry
You've been right there
Why don't I realize?

My heart's been wasted when I
Sit and cry
You've been right there
Why don't I realize?
