

Closure

Summer Walker

Oh
Too many days that I've made this mistake and
Too many nights you and I've said goodbye
Too many texts to express how I hate it
That's why I'm almost done 'cause it's too many times

We can undo what we keep on doing
We can un-try what we've tried so far
Hope to un-feel what we keep on feeling
But you can't un-break my broken heart

Every time I need closure, closure
Mess around and get closer to you
Don't you make me feel over
Boutta get, get, get sober or I can't feel nothin'

Why you gotta hang your love over my head like that
How'd you do it, baby?
I'm just tryna get closure, closure
Tryna get closure from you

You know I'm a bit depressed
I'm the one that knows you best
Cut it off
Say ok
Bet I won't
You say wait
I say nigga
You say bitch
You say sorry
Then we kiss
Runnin' runnin' 'round
I don't understand how

How the goodbyes
At the store-runs
Your sweet texts
Confirmations
Confirmations
Read the news breaks
Six up on new days
Still lookin' for new ways
Still lookin' for new ways, yeah
And every time

Every time I need closure, closure
Mess around and get closer to you
Don't you make me feel over
Boutta get, get, get sober or I can't feel nothin'

Why you gotta hang your love over my head like that
How'd you do it, baby?
I'm just tryna get closure, closure
I'm just tryna get closure from you
