

Deeper

Summer Walker

Even though I don't wanna show
Emotions, I'm open
Not the type to try and double back twice
But you had me running right back
Back
Had me coming back to back yea
Grab ya by ya neck, yea
Tell you arch your back, yea
Tell you to shut yo ass up
Rushing here real fast just to take it slow
No I ain't these other hoes, and boy you let me know

Baby all I gotta say, nobody get they way faster
Claiming that you're here to stay
We'll see how it plays, actor
Boy you say you done with games and more
We gotta get deeper now
Deeper and deeper now
Wonder how you give it to me so good
Guess I never had a real nigga from the hood
But you gotta understand this wasn't in my plans
Tryna get deeper now
Feelings is deeper now

Use them lips
Know I like to kiss baby
Taking trips
Had to get away baby
Posting pics all in our business
Ain't no distractions
I'm bout that action
Boy hope you not wasting my time
I want to give in but scared to rely
I want to feel boy but you ain't right sometimes
But it can't go to waste
Ain't no nigga that can take your place

Baby all I gotta say nobody get they way faster
Claiming that you're here to stay
We'll see how it plays, actor
Boy you say you done with games and more
We gotta get deeper now
Deeper and deeper now
Wonder how you give it to me so good
Guess I never had a real nigga from the hood
But you gotta understand this wasn't in my plans
Tryna get deeper now
Feelings is deeper now
