Ex For A Reason

Summer Walker

Lord, you know how hard it is
Dealing with the pain day-to-day of a one man
She can never be what I am
But as long as he with me, that's what it's gon' be, oh

That bitch your ex (Your ex)
For a reason though (Reason though)
Try me, trespass
Guaranteed to beat yo' ass

That bitch your ex (Your ex)
For a reason though (Reason though)
So much, hard to take
Give a fuck 'bout what she gotta say, no, whoa

Know I'm the type to go through my nigga's phone
(What you know 'bout that?)
Shit be on my nerves, when it keeps ringing back to back
(Back to back, who the fuck is that?)
"Fuck a bitch, I'm stressed", is always the mindset I'm in
But a ex game is not the game I'm tryna play at all

Is she on your mind? (On your mind)
You can go ahead do what y'all niggas always do and don't tell me (Tell me)
She better understand the consequence she fuckin' with
'Cause tonight I'll end it all
Spin a block two, three times and make sure all the cancer's gone

That bitch your ex (Your ex)
For a reason though (Reason though)
I don't know wanna know what she still wants (Wants)
And I make him do what she don't (Don't)

That bitch your ex for a reason though (Reason though)
So much, hard to take
Give a fuck 'bout what she gotta say

That bitch your ex for a reason though (Reason though)
Pull up to your shit unannounced (Uh, uh, yeah)
You won't even know I was around

That bitch in a ditch for a reason doe
She was singing on this dick with them easy notes (Yeah)
You was ex for a reason, so
Ain't no mufuckin' reasons to be reasonable (That right)

You the type I slap out (Slap out)
And you mad 'cause a bitch got a bag in my back out
Keep playin', I'ma snap out (Snap out)
Call his mufuckin' phone number again, I'ma black out (Black out)

Hood bitch, bring the trap out (What's up?)
Quick to pull up, if a bitch wanna act out
He got a bitch with a check now (Check now)
Doing tricks on the dick, you ain't shit for him to check 'bout

I got that nigga in a figure four

You the help in the service, he don't need no more
Did you get that, bitch? Sit back
'Cause a real bitch will pull up with the click-clack

That bitch your ex (Your ex)
For a reason though (Reason though)
I don't know wanna know what she still wants (Wants)
And I make em do what she don't (Don't)

With me (No way, no)
'Cause I'ma say the shit she won't say (Say)
Even get up in your face, with it

Damn, with me you're different
It ain't no ultimatum, no (Zero tolerance)
It's zero tolerance with anythin' fuckin' with mine

She done called you twice (Called you twice)
You can gon' and do what y'all niggas always do and try to lie to me
You better understand the consequence she fuckin' with
'Cause tonight I'll end it all
Spin a block two, three times and make sure all the cancer's gone
