You, you  
You, you  
You, you, you  
You, you  
You, you  
You, you  
You, you, you  
You, you  
You

Damn boy, you  
You

You say you a soldier  
But baby I'm a soldier  
Tired of being strong  
And I'm only gettin older  
I did it by myself (Well)  
Ain't have nobody else (Else)  
And if I had some help  
Then I had to pay  
What kind of shit is that  
Just do it 'cause you say  
'Cause you say you love me (Love me)  
'Cause you say you care (Care)  
'Cause you say you love me (Love me)  
And you want to be there (There)

It's the audacity  
What you have asked of me  
You say you want me soft  
But give me a hard life  
It's the audacity  
What you have asked of me  
You say you want me soft  
But give me a hard life  
You know that ain't right

Tired of seeing all these  
All these (All these)  
Spanish and these white bitches  
Living they soft life  
With they feet kicked up  
And they glass in hand  
Bills is paid, thanks to the man

Know how to lead  
And he got a plan  
Faithful and help 'round the house  
And with the kid  
Could it be a reality for me and mine?  
Be  
Be strong sista  
Strong, strong, strong (Be strong sista)  
Be  
You got it  
You so strong sista

Strong, strong (Go ahead and be strong sista mhm)  
Be  
Be strong sista  
Strong, strong, strong (Know you gotta be strong)  
Be  
You doing so good sista  
Just go on and carry on

Me and my  
Me and my  
Me and my  
Women who look like me  
Me and my friends  
My momma, my sister  
Elders and aunties  
All of my kin  
Me and my  
Me and my  
Me and my  
Me and all my black queens  
Me and my  
Me and my  
Me and my  
When will we get what we need?
