

How Sway

Summer Walker

Text me a quick selfie so I can sit on it
Runnin' through my mind, he's so intelligent
You ask me if I'm flexible, I'll do a split
I wanna get your name engraved in pink glitter right on my blick
I would take your last name
Put a pictures of our baby's faces in a glass frame
Hang up every doodle that our daughter draw
Buy up hella magnets for the fridge
'Cause you filled up to the brim with our love, heart

(So take my heart) Hope you don't run away
I'ma call you my bae
Come and take a valet (So take my heart)
How could I even fake?
Like, how could I even fake?
Like, how sway
You ain't got the education

I'm saved up in his phone as lil' fine shit
He wanna dance, yeah, wine hips
I got super shy lips, no politicin', no ride dick
But I got me a PhD in yapanese around him
The way he talks arousin'
Thinkin' 'bout him, riled up
Red just like his apple cup
Hope this my for-lifer, 'cause I'm feelin' super-duper stuck
Chewin' on my bubble butt, Hubba Bubba, baby, I'ma get it up
And rub it up right when we-

(So take my heart) Hope you don't run away
I'ma call you my bae
Come and take a valet, and how could I even fake? (So take my heart)
Like, how could I even fake?
Like, how sway
You ain't get the education

Take, take my heart
I'll take, take, take
Hope you don't run away
Take my heart with you, baby
Take my heart with you
I'ma call you my bae
Take my
How could I even fake?
Like, how could I even fake?
Like, how sway
You ain't got the education
